<p>Failure to receive a bill does not eliminate your responsibility. All utility bills are due by the 10th day of each month. Any account not paid in full by the 10th will have a 10% late penalty added. This total amount is due by the 20th of each month. Any account not paid in full by the 20th will have an additional \$25.00 late fee added to the account and services will be disconnected. Once disconnected, accounts must be paid in full to be reconnected. Past due accounts will be turned over to a collection agency and any such costs for collection, attorney fees, and court costs will be added to the account. By signing this application I certify that the above information is true and correct. I understand that I am responsible for all utility services provided at the above service address and agree to the payment policy explained above. I also agree that in order for the City to service this account or collect any amounts I may owe that the City or their agents may contact me at the telephone number provided, including wireless numbers, which could result in charges to me. The City or their agents may also contact me by sending text messages or emails. Methods of contact may include pre-recorded/artificial voice messages and/or use of automatic dialing device, as applicable.</p>

NOTICE!!! NOTICE!!! NOTICE!!!

CUSTOMER NOTIFICATION
REGARDING CUSTOMER OWNED GAS SERVICE LINES

If you are a natural gas customer of the City of Blakely, Ga. please read the following notification.

IMPORTANT NOTICE TO OUR CUSTOMERS

Federal Regulation 192.16 requires that we notify you to exercise diligence regarding underground or buried gas piping. Buried pipe may be subject to leakage and/or corrosion (corrosion may occur on metallic pipe) and could potentially be subject to hazards if not maintained.

Remember that any and all gas pipe downstream (house side) of the gas meter belongs to you, the gas consumer, and the gas consumer is responsible for maintenance and operation of this portion of the fuel line system. We do not own the gas line beyond the gas meter and therefore, we do not routinely maintain or locate fuel lines. Commercial plumbers and/or heating contractors may be contacted if and when gas fuel lines need attention.

Buried gas piping should be:

- ❖ Periodically inspected for leaks
- ❖ Periodically inspected for corrosion if piping is metallic
- ❖ Repaired if any condition is discovered, or if the flow of gas should be shut off, and
- ❖ When excavation is performed or is about to be performed near the buried gas piping, the piping should be located and marked in advance, and any excavating performed near the pipe should be done by hand.

This is a **NOTICE** only. If you have questions or comments regarding this correspondence, please contact a gas system representative at our business office at: **(229) 723-3677**
